Personal Profile

Prior to studying at the School of Code my studies evolved around art and design, and then Psychology. During the bootcamp I found a true passion for coding which has only grown over time.

I have experience working with working with people from all walk of life and have gained the ability to work within a team and in an agile frame work. I am an enthusiastic team player ready to contribute to company successes.

Recent Experience

School Of Code Graduate May 2022 - August 2022

Recently graduated from the School Of Code bootcamp. During the bootcamp I was introduced to a wide range of programming utilities and languages which has given me the confidence and understanding of a wide variety of areas within tech. I have gained the ability to work within an agile frame work and have experience working within a tight time schedule and under pressure.

- Training in Agile development
- Weekly Hackathons and presentations
- Trained in a range of technologies (as shown in skills section)
- Exprence with leadership and project management
- Experience with working within a team successfully
- Advanced design skills with Figma and Miro

Talk about experience - tech stack - be more specific

Talk about the 4 week project / hackathons
