Who Am I?

Hi, my name is Amira,
I am a digital graphic web designer /
UI UX designer. I am hard-working and
committed with a can-do attitude. With a
passion for design, I bring creativity and
a holistic approach to problem-solving. I
think outside the box and think creatively
and work well with others to generate
ideas and solutions. With a keen eye for
design and a passion for UI/UX design,
I am ready and eager to develop my
career as a Graphic Designer / UX UI
Designer and contribute to a company's
success.

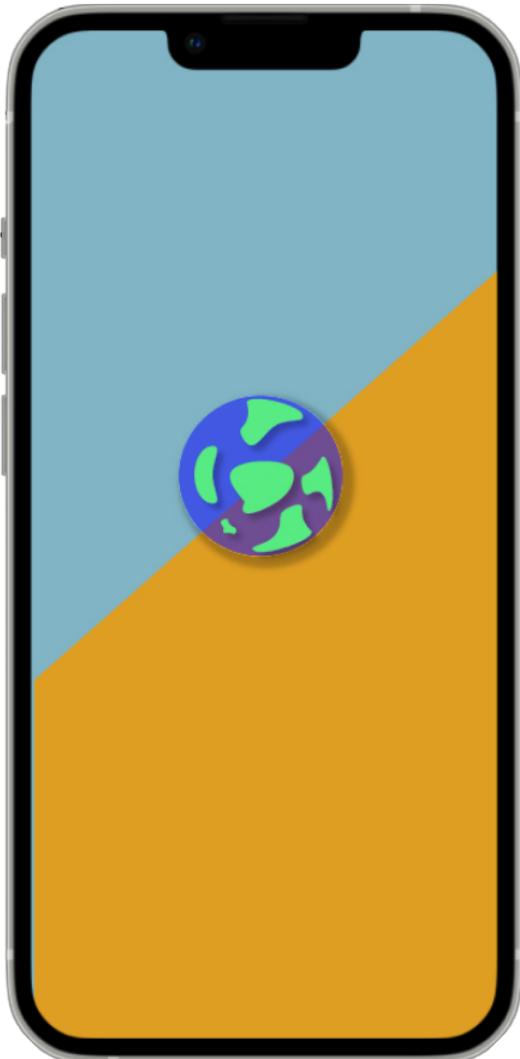

Travel Finder

Support Local Businesses
When You Travel

Travel finder is a website/app that helps people support local businesses when they travel. The user is able to search their location and the type of service they require and the app will give suggestions based on locally owned businesses.

Mobile Designs

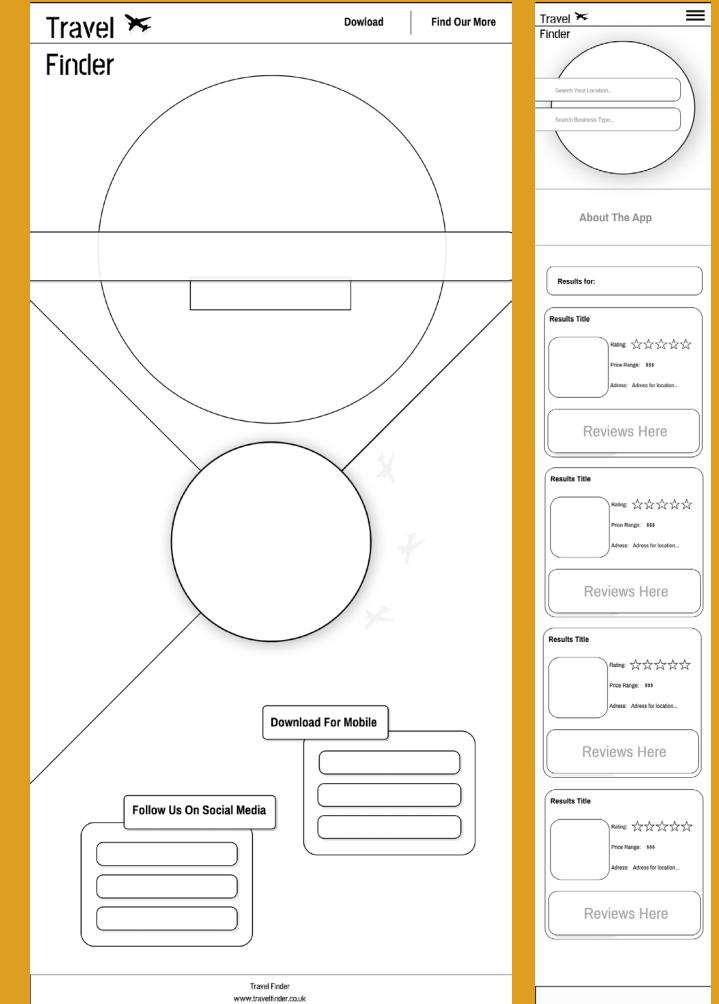

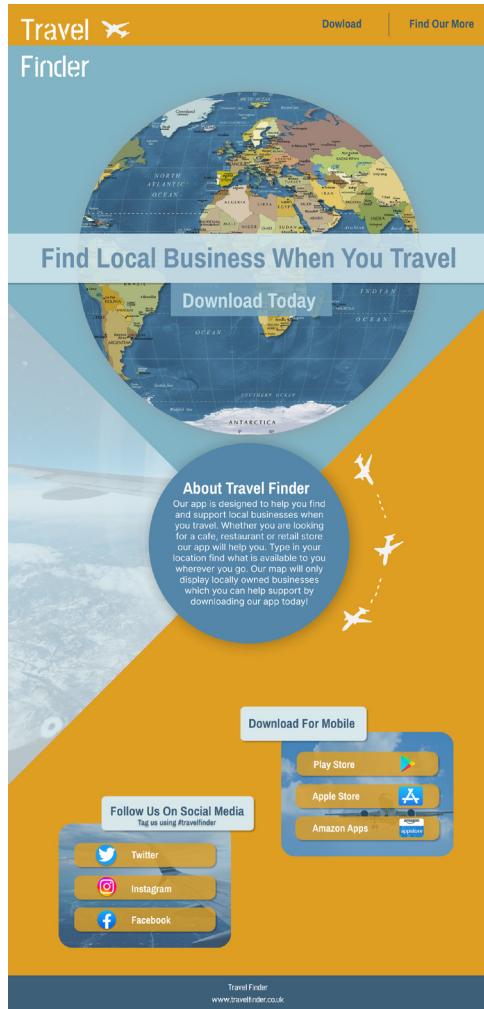

The image shows a smartphone screen for the "Travel Finder" app. At the top, it says "Travel Finder". Below that is a large circular globe icon. Underneath the globe are two search input fields: "Search Your Location..." and "Search Business Type...". At the bottom, there is a dark blue banner with white text that reads: "Find Local Businesses When You Travel" and "Type in your location and search for a restaurant, cafe or bar and so on. This app will give you results of all the independent businesses wherever you are in the world. Helping you support small businesses even when on holiday."

The image shows a smartphone screen displaying search results for "Restaurants in Barcelona". At the top, it says "Results for: Restaurants in Barcelona". Below that is a section titled "We love Italy, Pasta & Pizza". It features a thumbnail image of a pepperoni pizza, a 5-star rating, and the text "Awards: Travellers' Choice 2022". The address is listed as "Carrer Del Bruc 162 near to Casa de les Punxes, 08037 Barcelona Spain". There are two user reviews at the bottom. The second result card is identical to the first but with different text for the reviews.

Beeutifully You

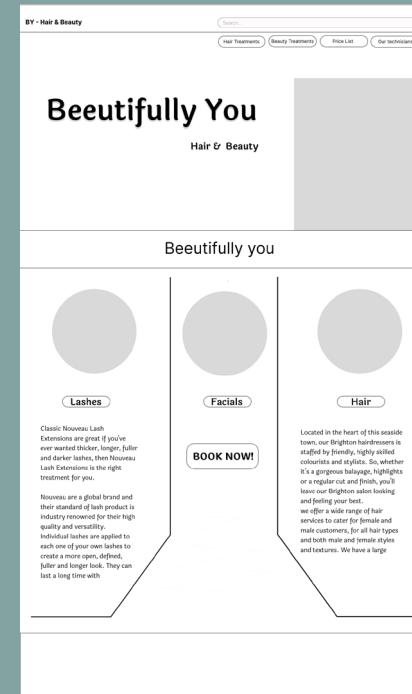

Hair and Beauty Website

This design was created for a hair and beauty website that uses beeswax in its products. The website is intuitive and easy to navigate through the navbar and includes a search bar. The website's design is sleek and modern, with a colour scheme that's easy on the eyes.

Beeutifully You

The Happy Place Choir

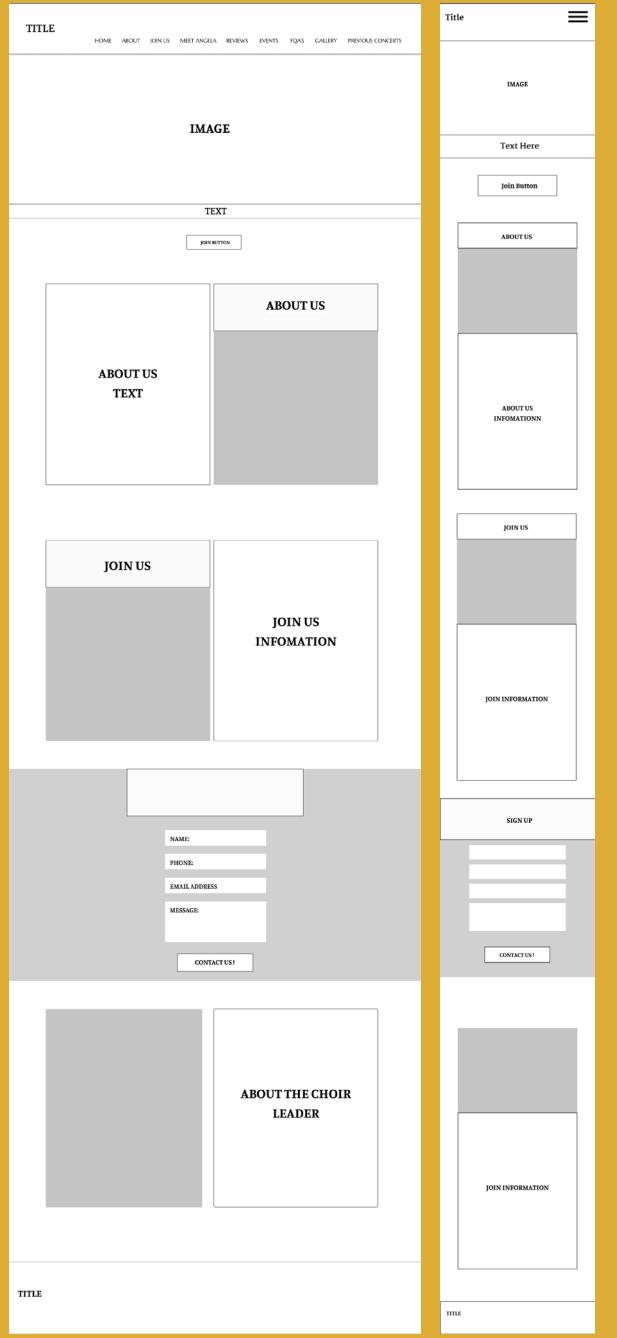

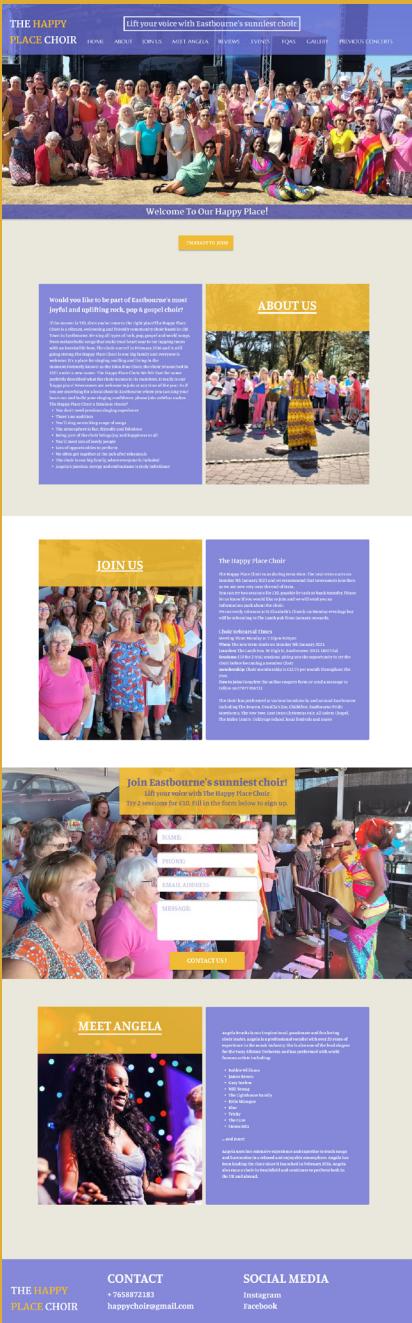

Choir Website

This design was created for the Happy Place Choir. The website reflects the brand and personality of the choir and includes colours used in the choir's leaflets. The website is colourful and inviting and the web page is informative and easy to navigate and accessible for people of all ages.

Wireframe Designs

The Happy Place Choir

Nom Nom is a local healthy food delivery service. The colour scheme for the logo is bright and fresh, evoking a sense of energy and vitality. The primary colours used for the logo are green and orange as it represents nature, health, and balance.
